CHILDREN

Aloe Sagon – 16 – Concert Harpist – Partly the reason for the move so she could study at the Interlochen Arts Academy. Currently a sophomore, she will be attending West Senior High along with her IAA studies. Loves to read and enjoys all kinds of music. Her privacy is a must!! Grandpa just gave her a Subaru Outback for her birthday. The harp will fit if she doesn't have any passengers.

Kevin & Carl Sagon – 11 year old identical twins – very similar interest and best of friends although they still fight like brothers from time to time. Hate harp music but like their current rock and roll. Kevin plays drums and Carl is very good on the trombone. Like all boys this age they are both into their athletics, video games and slinky slimy things. They will both miss greatly the beach and surf. Both are very good swimmers.

Christine Sagon - 6 mos- surprise!! Not actually planned but loved very much all the same – the pride of her brothers and sister. Even at this early age she is showing she will have many of the talents of her siblings. She will need a nursery now that could become a bedroom or office later.
